Important notes

Please be aware that you only will be allowed to start at the German Nationals, if you give back the starting cards **not later than 90 minutes** before begin of each competition. For competitions

Saturday up to 11.00 – AND Sunday up to 10.30

you have to give back the cards the day before

Please check carefully the regulations concerning combined classes and competitions

The attached schedule is provisional. We will check and correct the schedule as soon as possible, but there might be also changes after closing time for the starting cards. Please listen to the announcer or/and check the papers on the information wall.

The German Nationals 2011 will be held under the following regulations:

- all competitions will be offered as 'open' competitions
- we will use (if possible) the IPC point system for all field events, in track events we will use point for the youth classes
- there will be differences for standing / sitting athletes
- if 6 (men)/4 (women) athletes of one start class in a previous combined competition will give back their starting cards as described above, this group will be separated, all other athletes will compete together in the open class
- only for 60m heats and finals will be offered, all other track events will be time heats. If there are not enough athletes at the 60m for heats, there will be only finals at the shown time

Please be careful if you have athletes belonging to the youth classes, where you want to enter them (youth class or adults) and show it clearly on the papers.

If you have any questions concerning the regulations, please contact me at

tnuss@team-thomas.org
